2. Other names the organization is known by or does business as, if applicable:	
*3. Is this organization a registered non-profit organization, or an intergovernmental organization established pursuant to a treaty? <i>Eligible organizations shall be:</i> <i>(a) United States organizations recognized by the Internal Revenue Service as described in section 501(c)(3) of the Internal Revenue Code;</i> <i>(b) non-US organizations that demonstrate to ICANN's sole satisfaction the ability to obtain an equivalent determination to those organizations in clause (a); or</i> <i>(c) Intergovernmental Organization (IGOs) established pursuant to a treaty.</i> Yes No	
4. Website	

*5. Headquarters address	
*6. Organization's mission	
*7. Years in service	
*8. Number of employees	
9. Parent organization, if applicable	

II. Contact Information

*10. Primary contact name	
*11. Primary contact email address	
*12. Primary contact position	
*13. Primary signatory name	

III. Partners

***11. Does this submission include any partners? If yes, provide names of the partners and briefly describe their role in possible future projects related to this submission.**

Maximum number of characters: 500

III. Capability & Experience

*** 12. What experience do you have implementing projects to provide Internet accessibility in large-scale¹ natural or man-made disasters that have resulted in disruptions to Internet access?** Please provide three brief examples. Write “NONE” if not applicable.

Maximum number of characters: 1,250

***13. What experience do you have providing support to relevant stakeholders for the Internet’s Identifier Systems that are jeopardized in emergency situations?**
(Emergency support includes, but is not limited to, mitigation of risk and repairs to root server infrastructure, Internet exchange points, and ccTLD technical or operational infrastructure.)
Write “NONE” if not applicable.

Maximum number of characters: 1,250

¹ According to the [U.N. Office for Disaster Risk Reduction Relief](#), a large-scale disaster is a type of disaster affecting a society that requires national or international assistance.

***14. What is your capability to implement projects to provide Internet accessibility in emergency situations in different countries and regions around the world?** Please list regions or countries that you have implemented similar projects.

Maximum number of characters: 1,500

15. What experience do you have coordinating with the relevant authorities, humanitarian agencies, civil society organizations, and private-sector actors as appropriate? Please provide two brief examples. Write “NONE” if not applicable.

Maximum number of characters: 1,250

IV. Proposed Framework for Future Emergencies

16. What is the proposed framework to provide Internet accessibility in emergency situations? Please explain briefly. If applicable, please include information about potential support to relevant stakeholders for Internet's Identifier Systems that are jeopardized in emergency situations.

Maximum number of characters: 1,750

17. What is the proposed framework or approach to measure impact of future potential projects?

Maximum number of characters: 500

18. Provide an attachment (PDF, Word or PowerPoint) which details in less than five (5) pages, the full implementation approach (including timeline if applicable) that your organization proposes for ICANN.

V. Responsiveness and Flexibility

19. How would your organization be able to adjust to diverse and changing needs in emergency situations?

Maximum number of characters: 750

VI. Additional Questions

20. What activities, if any, has your organization or representatives of your organization participated in as part of the ICANN community?

Maximum number of characters: 750

21. Please state any other information not requested elsewhere that supports your proposal or you feel is necessary to include. You may include additional attachments in your submission.

Maximum number of characters: 750

VII. Attachments

Please include the following documents as attachments with your EOI form submission:

- Organization's proof of registration or other relevant documentation, in order to prove eligibility to participate in the program. See question 3 above.
- Organization's Implementation approach proposal described in less than five (5) pages (PDF, Word or PowerPoint)
- Most recent three (3) years of audited financials (Statement of Activities or Income Statement, Statement of Position or Balance Sheet, and Cash Flow Statement), if available.
- Most recent annual report, if available.

VIII. Personal Data

By completing an Expression of Interest Form and providing your Personal Data, you consent to ICANN, as the data controller, for the collection and processing of your Personal Data in accordance with ICANN's [Privacy Policy](#).

You understand that ICANN retains your Personal Data it collects from this form. Subject to applicable law, you are entitled to certain rights with respect to your Personal Data. You can request to access, rectify, erase or restrict, or object to, the processing of your Personal Data or make use of the right to data portability by contacting privacy@icann.org. You also can lodge a complaint with the supervisory authority in your country of residence at any time.

For more information about ICANN's data protection practices and our processing of your personal data, please refer to the ICANN [Privacy Policy](#).
