Re: Proposal #2007005, Domain Name Exception – go.coop

Dear Carolyn,

In accordance with its procedure for consideration of new registry services (<http://www.icann.org/registries/rsep/rsep.html>), this letter is to inform you that ICANN has approved DotCoop's request to release go.coop from Appendix 6 the .COOP Sponsorship Agreement.

ICANN's preliminary determination did not identify any significant competition or security and stability issues. DotCoop may proceed with the release of go.coop as proposed.

Patrick
